Market Announcement: Pricing Change January 2022

Dear James Hardie Partner,

Your business is very important to all of us at James Hardie Building Products. We remain committed to providing you with both high quality products and service. Given the current market landscape, James Hardie Building Products will be implementing a price increase on all exterior and interior product lines effective January 1st, 2022.

Specifics for your market(s) can be found on HardieLink

All orders with an effective date of January 1st or later will be at the new price.

To support our Customers (channel partners) through this transition, James Hardie has established a regional price protected volume budget that will be applied to all products subject to a price increase. Your local sales representative will be equipped to discuss your customer-specific details.

We appreciate your support through this implementation. If you have additional questions or concerns, please refer to HardieLink or contact your local James Hardie sales representative.

Thank you for your continued support,

James Hardie Sales Organization
