

**October 1st, 2021**

Dear Valued Customers,

Raw material and transportation costs continue to escalate surpassing our mitigation efforts. Demand exceeding supply and weather-related supply disruptions continue to be the underlying issues.

As a result, we will be implementing an 10% price increase on the following product categories:

- **Vinyl Siding & Accessories**
- **Ply Gem Designer Accents**
- **Vinyl Skirting**

The increase will be applied to all orders at time of invoice and not time of order. Orders invoiced on or after December 1, 2021 be invoiced at the higher price.

We are relentlessly committed to our customers and to creating high quality products and services. Our focus on operational excellence, creating a platform for future growth, and investing in market-leading residential building brands is to enhance the value we provide to you now and for years to come.

Your sales representative will reach out to you soon to coordinate new price pages, and to thank you for your continued loyalty and partnership.

A handwritten signature in blue ink that reads "Jeff Cabbage".
