Re: Price Increase - Concrete & Clay Products

Dear Valued Partner,

Boral Roofing, a Westlake company, will implement a price increase of 6%-9% on all Concrete & Clay field and trim products.

*All **List Price Products** will receive the increased price on products shipped on or after January 3rd, 2022.

*All **Quoted Projects**, including **Builder Accounts** will receive the increased price on products shipped on or after March 1st, 2022.

We have worked hard to minimize the impact of rising raw material and transportation costs on our products. Even with these efforts, costs are increasing faster than we expected and we must now implement a price increase.

New price lists will be provided to our distribution partners in the coming days. Territory Managers and Regional Sales Managers will provide revised quoted pricing in the coming weeks to each distributor to ensure a timely and informed transition.

As always, Boral Roofing remains committed to providing industry leading, innovative products at the highest quality and value. We thank you in advance for your continued support.

Sincerely,

Eric Miller

Boral Roofing Acting President
