PRICE ESCALATOR AND FREIGHT SURCHARGE ADJUSTMENT UPDATE FOR GAF COMMERCIAL PRODUCTS: US, CANADA, and EXPORT

Dear Valued Partners,

We are continuing to experience significant increases in costs, driven by additional key raw material increases and a challenging freight market. To mitigate these ongoing cost pressures and maintain our service levels, we are adjusting GAF Commercial’s Not to Exceed price escalators and updating our freight surcharges, as noted below and highlighted in yellow:

GAF (Updated)		
Product	July 1	October 1
TPO Membranes Accessories	5-7%	5-7%
PVC Membranes Accessories	5-7%	5-7%
Asphaltic Rolls Accessories	4-6%	5-7%
Polyiso Insulation	6-8%	6-8%
Adhesives Primers Sealants	6-8%	6-8%
Other Accessories	3-5%	3-5%

Effective June 29, 2026, the following freight surcharges will apply to all GAF Commercial products:

- US: \$850 per truck
- Canada: \$1,000 per truck

Despite industry-wide logistics hurdles, we are working diligently to minimize disruptions to your jobsite and warehouse deliveries. To ensure the best possible service, please communicate upcoming project needs as early as possible.

As is our commitment, valid and documented job quotations will be honored through their original expiration dates.

We value our partnership and remain committed to clear, open communication. If you have any questions, please contact your Area VP, Regional Sales Director, or local GAF sales representative.

Thank you for your continued support and your business.

Dan Karins
SVP, GAF Commercial Sales
