To Our Valued Customers
Attn: Purchasing Department
Subject: Angle Iron Increase

First and foremost, AHI Supply would like to thank you for your business, we value it immensely. We are grateful for your support and treasure our relationship with you and your company.

As we reach the end of the first half of 2026 we have seen a significant increase in cost to all sizes of angle iron. Prices have increased 11.5% up to 25%, with larger angle sizes receiving the largest increases. As a result, **AHI Supply will be implementing a price increase on all angle sizes effective July 1, 2026.**

This change is necessary due to unprecedented price increases from all domestic steel producers and the lack of imported steel due to current tariffs.

AHI Supply remains committed to providing you with exceptional service. Please do not hesitate to call me or your sales representative if you have any questions or if we can be of service to you in any way.

We appreciate your continued business and wish you the best throughout the remainder of 2026.

Sincerely,

A handwritten signature in black ink, appearing to read "Joel Johnson", with a stylized flourish at the end.
