Transportation Surcharge Update - Effective October 1st, 2026

Dear CertainTeed Residential Roofing Customer,

In line with the letter you received on April 1, 2026, CertainTeed will be increasing the full truckload (FTL) transportation surcharge to **\$500 per truckload**, effective for all shipments on or after **October 1st, 2026**.

We would like to remind you that this surcharge is indexed to the **Energy Information Administration U.S. national average price of diesel fuel**, as outlined in the schedule below. Once the national average diesel price moves above or below a pricing tier for a sustained period of **30 days**, the applicable transportation surcharge will adjust to the corresponding tier.

Diesel – All types – U.S. National Average	Transportation Surcharge / FTL
Below \$2.50	\$0
\$2.51-\$3.25	\$100
\$3.26 – \$4.00	\$200
\$4.01 - \$4.75	\$300
\$4.76 - \$5.50	\$400
\$5.51 - \$6.25	\$500
\$6.26 - \$7.00	\$600

We appreciate your continued support of CertainTeed Roofing Products and remain committed to providing reliable service while navigating ongoing transportation cost volatility

Sincerely,

Keith Williams
