Subject: Angle Iron Increase

To Our Valued Customers

First and foremost, AHI Supply would like to thank you for your business, we value it immensely. We are grateful for your support and treasure our relationship with you and your company.

As we move through the second half of 2026 we continue to see significant increase in cost to all sizes of angle iron. Prices have now increased an average of 19% on sizes 5" and smaller, and an average of 33% on sizes 6" and larger. As a result, **AHI Supply will be implementing a price increase on all angle sizes effective September 1, 2026.**

This change is necessary due to unprecedented price increases from all domestic steel producers and the lack of imported steel due to current tariffs.

AHI Supply remains committed to providing you with exceptional service. Please do not hesitate to call me or your sales representative if you have any questions or if we can be of service to you in any way.

We appreciate your continued business and wish you the best throughout the remainder of 2026.

Sincerely,

A handwritten signature in black ink, appearing to read "Joel Johnson". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
