

October 14, 2026

Dear Owens Corning™ Residential Roofing Customer:

Consistent with what we have previously communicated, our fuel surcharge is based on the national average price for diesel fuel, utilizing the tiers in the table below. The price for diesel fuel has been increasing, remaining above \$5.40/gallon for over 60 Days. As a result, Owens Corning Sales will be increasing our fuel surcharge from \$300.00 per truckload to **\$350.00 per truckload**. This \$350.00 surcharge will be applied to orders with a **ship date** that falls on or after **October 19, 2026** regardless of order entry date. This fuel surcharge applies to all roofing products sold by Owens Corning.

To help you plan your business, until further notice, we will continue to index our fuel surcharge to the US Department of Energy Weekly Retail On-Highway Diesel Prices. Once the national average price for diesel has risen above or dipped below a tier for a sustained period of 60 days, the fuel surcharge will change to the truckload amount that corresponds with the new tier. The tiers are defined in the following table:

<u>Diesel National Average</u>	<u>Fuel Surcharge /FTL</u>
Below \$1.80	No Surcharge
\$1.81 - \$2.40	\$50.00
\$2.41 - \$3.00	\$100.00
\$3.01 - \$3.60	\$150.00
\$3.61 - \$4.20	\$200.00
\$4.21 - \$4.80	\$250.00
\$4.81 - \$5.40	\$300.00
\$5.41 - \$6.00	\$350.00
\$6.01 - \$6.60	\$400.00
\$6.61 - \$7.20	\$450.00
\$7.21 - \$7.80	\$500.00
\$7.81 - \$8.40	\$550.00
\$8.41 - \$9.00	\$600.00

Thank you for your business and continued support of Owens Corning. Please contact your Area Sales Manager should you have any questions.

Regards,
